

For over 20 years Hospice Palliative Care Ontario's annual conference has provided an opportunity for thought leaders, service providers, front-line practitioners, health system planners, researchers, policy makers, administrators, and volunteers from across the province to come together to learn, share knowledge, grow, and inspire one another.

As part of Hospice Palliative Care Ontario's commitment to working to improve inclusion and eliminate barriers for all individuals working in hospice palliative care, we are proud to offer this bursary opportunity.
